HUMAN RIGHTS POLICY

Commitment

NNN REIT, Inc.'s ("NNN", "we" or the "Company") core values drive our commitment to upholding and respecting all human rights as defined by the **United Nations Universal Declaration on Human Rights**. We respect human rights in our relationships with our associates, tenants, advisors, and suppliers, as fundamental to promoting sustainable operations.

This policy is derived from the **International Labour Organization's Declaration on Fundamental Principles and Rights at Work** and applies to all of the operations of the Company and its direct and indirect subsidiaries, regardless of geographic location, and covers all of our properties. We expect our suppliers to uphold these principles and urge them to adopt similar policies within their own businesses, as confirmed by NNN's **Supplier Code of Conduct**.

Inclusion

We value and advance inclusion and we are committed to equal opportunity in our workplace which we ensure is free from discrimination or harassment on the basis of race, sex, color, national or social origin, ethnicity, religion, age, disability, sexual orientation, political opinion, or any other status protected by applicable law. Decisions regarding recruitment, hiring, placement, development, training, compensation, and advancement are not based on any of these factors but are instead based on rational factors such as qualifications, performance, skills, and experience. We do not tolerate disrespectful or inappropriate behavior, harassment, or retaliation in the workplace or in any work-related circumstance outside the workplace. We provide each of our associates with our **Associate Handbook** and NNN's **Code of Business Conduct**, which provide additional information on equal opportunity, discrimination and harassment.

The safety and health of our associates, suppliers, advisors and tenants is of paramount importance. We must not only comply with applicable safety and health laws and regulations, but also address and remediate identified risks of accidents, injury, and health impacts. Our policies regarding health and safety are provided to our associates and encompass all our facilities and operations. Each of our associates receives and acknowledges a copy of our **Associate Handbook**, which sets forth detailed instructions regarding safety issues.

Each of our associates receives clear, written information about their employment conditions with respect to wages and benefits before they enter employment and as appropriate throughout their term of employment.

Associate Training and Development

The Company encourages professional growth for all of its associates. The general philosophy regarding education and association involvement is that such activities are encouraged when they align with an associate's current role and goals within the Company and are mutually beneficial to both the associate's personal growth and their role within the Company.

As we are committed to fostering strong and mutually beneficial partnerships, we aim to partner with other like-minded corporate citizens.
